Section 1502 of the Dodd-Frank Act

MasterSource Co., Inc., in accordance with Section 1502 of the Dodd-Frank Act and the Conflict Minerals rules adopted by the SEC, is aware of the disclosure requirements regarding the use of tin, tantalum, tungsten and gold (Conflict Minerals) and their countries of origin. The current source countries precluded under the Act are the Democratic Republic of Congo and all of its nine bordering nations.

It is the policy of this company to not procure and/or sell any products which contain these minerals that have been mined or obtained in any of the ten precluded countries. In order to comply with this policy, MasterSource has implemented procedures to identify and monitor the origin of materials that are produced with Conflict Minerals.

Sincerely,
MasterSource
